

Public Notice – Environmental Permit

PURPOSE OF NOTICE: To seek public comment on a draft permit from the Department of Environmental Quality to limit air pollution emitted by a facility in King and Queen County, Virginia.

PUBLIC COMMENT PERIOD: December 19, 2012 to January 18, 2013

PERMIT NAME: Federal Operating Permit issued by DEQ, under the authority of the Air Pollution Control Board.

NAME OF PERMIT APPLICANT: INGENCO Wholesale Power, LLC

REGISTRATION NUMBER: 52148

FACILITY NAME/ADDRESS: INGENCO King and Queen Facility, 4443 Iris Road, Little Plymouth, Virginia 23091

PROJECT DESCRIPTION: INGENCO has applied for an initial Title V for INGENCO Wholesale Power, LLC - King and Queen Facility. The Title V permit would allow INGENCO to operate up to 48 diesel generators rated at 16 mega-watts to produce electrical power from landfill gas from the King and Queen Landfill. This landfill gas is normally combusted in open flares located on the King and Queen Landfill site. This electrical power generation is considered a beneficial use of the energy. The technology used to control the air pollution from the facility includes the original equipment manufacturer's "good combustion practices." The estimated effect on air quality near the facility from the proposed project is to limit emissions below the Prevention of Significant Deterioration (PSD) major source threshold.

HOW TO COMMENT AND/OR REQUEST A PUBLIC HEARING: DEQ accepts comments and requests for public hearing by e-mail, fax or postal mail. All comments and requests must be in writing and be received by DEQ during the comment period. Submittals must include the names, mailing addresses and telephone numbers of the commenter/requester and of all persons represented by the commenter/requester. A request for public hearing must also include: 1) The reason why a public hearing is requested. 2) A brief, informal statement regarding the nature and extent of the interest of the requester or of those represented by the requester, including how and to what extent such interest would be directly and adversely affected by the permit. 3) Specific references, where possible, to terms and conditions of the permit with suggested revisions. A public hearing may be held, including another comment period, if public response is significant, based on individual requests for a public hearing, and there are substantial, disputed issues relevant to the permit.

Contact for public comments, document requests and additional information:

Mr. "Sparky" H.L. Lisle, Jr., Piedmont Regional Office, 4949A Cox Road, Glen Allen, Virginia 23060

Phone: (804) 527-5020, Email: homersparks.lisle@deq.virginia.gov, FAX: (804) 527-5106.
